WHO NEEDS THIS SOFTWARE?

If you need to make a lot of changes or additions to your Macola price code master file but have been dreading the hours and hours of time it will take to open the screen for each and every one, this utility is for you. Let's say that you want to:

- Totally restructure all your price code tables for specific items or customers
- Add new price codes for 200 items and new price codes for 100 customers
- Delete 1,000 expired price codes

Unless you use our utility or can develop complex SQL scripts, you are faced with hours and hours of tedious keying and proof reading.

HOW DOES IT WORK?

Using a familiar Excel spreadsheet with powerful Visual Basic programming, this utility imports and exports data directly from and to your Macola database. You can select any of the eight Macola price codes at one time. You can make any changes to or add new price codes. It's easy to use.

KEY FEATURES and BENEFITS

- Excel-based (i.e. you do not have to learn new software)
- Eliminates hours of tedious keying and proofreading (i.e. happier employees)
- Better manage your company (i.e. happier employees)
- Low cost and unlimited phone support (i.e. no on-going maintenance costs)

WHAT DOES IT COST AND WHAT IS INCLUDED?

The cost is \$ 650 (US) and includes unlimited phone support for start-up and on-going questions.
